Has obtained EU TYPE EXAMINATION in compliance with what is set out in Annex V (module B) in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

Destined to respiratory protection, according to the following standard/s:

- EN 149:2001+A1:2009 "Respiratory protective devices. Filtering half masks to protect against particles", as FFP2 NR Class.

Non-reusable. Limitation of use to a single work shift.

Having achieved the performance requirements specified in conformity assessment report No. **2022EC6468UE** and the PPE's Technical Documentation.

Description of the PPE:

Particle filtering half mask without exhalation valve covering nose, mouth and chin, in white colour.

It has dimensions of 15.6 cm x 10.6 cm and it is made up of 5 layers, 2 elastic ear bands heat-sealed to the body of the mask, an adjustable nose clip in between the layers and a cushion pad on the inside of the nose bridge.

In this particle filtering half mask, air enters to the mask through the body and goes directly to the inner area of
